DETAILED ACTION

Claim Rejections - 35 USC § 112

1. Rejections set forth previously under this section are withdrawn.

Claim Rejections - 35 USC § 103

2. Rejections set forth previously under this section are withdrawn.

Allowable Subject Matter

3. **Claims 1, 2, 7, 9-13, 15, 17-22, and 30-35** are allowed.
4. The following is an examiner's statement of reasons for allowance: The prior art does not teach or fairly suggest the subject matter of Claims 1, 10, 13, or 31 as a whole, particularly the water solution containing a metal salt or metal salt solution containing water recited by these claims. The most pertinent references are Valenti, Medoff, and Polovina. Valenti teaches that metal salt modification of nylon polymers is conventional, but Valenti does not teach or fairly suggest the water solution or metal salt solution containing water used in the claimed manner. Polovina teaches a technique conventionally known as a masterbatch process which involves mixing additives with a polymer and pelletizing, but Polovina does not teach or fairly suggest the water solution or metal salt solution containing water recited by the instant claims. Medoff teaches a process for mixing polymeric material with natural fillers, but Medoff is silent to the water solution or metal salt solution containing water recited by the instant claims.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
